

A Adjust Who

Review data from the field to learn more about the priority communities and update the personas from Workshop 1

B Adjust Why

Use Field Insights to think about why people aren't accessing vaccination and update your priority immunization barriers from Workshop 1

Generate, refine, and
prioritise solutions to
address the prioritised
barriers

D Implement

Create a high-level implementation plan for your solutions: budget, timeline, roles for implementation, and how to measure successful implementation
